Election of directors, Chairman of the Board, auditor and fees (items 8-10)

The Nomination Committee proposes re-election of directors Björn Lindström, Hans Berggren, Richard N. Edgar, Peter Geijerman, Freddie Linder, Zenon Potoczny and Katre Saard. Björn Lindström is proposed to be re-elected as Chairman of the Board.

The Nomination Committee proposes re-election of the authorized auditing firm Ernst & Young AB and the authorized auditor Per Hedström as the principally responsible auditor.

The Nomination Committee further proposes that the general meeting resolves that board fees be paid to the Chairman in the amount of SEK 160,000 (same as previous year) and SEK 80,000 (same as previous year) to each of the other directors with the exception of Zenon Potoczny who is employed in the Group. Fees will thus total SEK 560 000, including for committee work. It is proposed that the auditors be paid fees in accordance with approved invoices.

Guidelines for compensation to senior executives (item 11)

The Board proposes that the general meeting adopt guidelines for compensation to senior executives with essentially the same content as the guidelines adopted at the 2012 annual general meeting, entailing the following. Compensation to management shall be on market terms and competitive in order to enable the Company to retain qualified employees. The compensation level for the individual executive shall be based on factors such as position, expertise, experience and performance. In addition to fixed salary, it shall be possible for management to receive variable salary, pensions, other benefits as well as an incentive program. The fixed salary, which shall be individual and differentiated based on the individual's responsibilities, experience and performance, shall be determined based on market principles. Variable salary shall be based on the Company's earnings growth, aimed at promoting the Company's long term value creation. The annual variable portion of salary may normally not exceed 30 per cent of fixed salary. Share- and share-price-related incentive programs are to be designed so that the vesting period or the period from the commencement of an agreement to the date for acquisition of shares is to be no less than three years. Other benefits shall correspond to what is deemed reasonable relative to practice on the market. The portions are intended to create a balanced compensation and benefits program which reflects the performance and responsibilities of the employees as well as the Company's earnings trend. The Board shall be entitled to deviate from these guidelines where special reasons exist in an individual case.

Resolution regarding Nomination Committee (item 12)

The Nomination Committee proposes that the general meeting resolves on the following principles for election of a Nomination Committee with essentially the same content as the guidelines adopted at the 2012 annual general meeting: The Company shall have a Nomination Committee which shall consist of the Chairman of the Board and three other members, who shall each represent the three largest shareholders (by votes) of the Company, based on the share register maintained by Euroclear

Sweden AB of registered shareholders (per group of owners) on 30 September 2013. A shareholder who is not registered in its own name in the aforementioned register and who wishes to be represented on the Nomination Committee, shall notify this to the Chairman of the Board and shall provide evidence of its shareholding.

As soon as possible, after the end of the month of September, the Chairman of the Board shall contact the three largest shareholders (by votes) in accordance with the above, and request that they appoint one member each. If anyone of those shareholders refrains from using its rights to appoint a member, the right passes to the shareholder that after these shareholders has the largest shareholding. The names of the members of the Nomination Committee and the names of the shareholders, whom they represent, shall be made public not later than six months before the annual general meeting. The Nomination Committee elects its Chairman, though however the Chairman of the Board shall not be Chairman of the Committee.

The Nomination Committee's duties shall be to prepare and present proposals to the shareholders at the 2014 annual general meeting regarding election of a chairman of the meeting, the Chairman of the Board, directors and, where appropriate, auditors, as well as fees to the Board of Directors and auditors. The appointment shall extend until such time as a new Nomination Committee is appointed. In the event that the shareholder, who the member represents, has materially reduced its holding in the Company, the member shall resign from the Nomination Committee and the Committee shall offer the largest shareholder, who is not represented on the Nomination Committee, the opportunity to appoint a new member. In the event a member for other reason resigns from the Nomination Committee before the Committee's work is completed, a new member shall be appointed according to the same principles. No fees shall be paid to the members of the Nomination Committee. However, where necessary the Company may be liable for reasonable costs for external consultants, which the Nomination Committee considers necessary for the performance of its duties.

Authorization of the Board to decide on new issues (item 13)

The Board of Directors proposes that the annual general meeting authorizes the Board, on one or more occasions during the period until next annual general meeting, to decide on issues of new shares, warrants and/or convertible debentures in exchange for cash payment and/or with provisions regarding payment in kind or by set-off or otherwise with conditions, and that it thereupon be possible to derogate from the shareholders' pre-emption rights. The purpose of the authorization and the reason for the derogation from the shareholders' pre-emption rights is to facilitate the raising of capital for expansion through corporate acquisitions or acquisitions of business assets and for the Company's business. The total number of shares which may be issued pursuant to the authorization may not exceed 2 million. In the event the authorization is exercised in full, the increase in the share capital will correspond to a dilution of approximately 18.8 per cent, calculated on the total number of shares before any exercise of the authorization. In the event an issue is made by way of deviation from the shareholders' pre-emption rights, the issue shall be made on market terms. Any issue pursuant to the authorization shall refer to class B shares.

Resolution regarding warrants (item 14)

On the annual general meeting held in May 2012, the general meeting resolved on an issue of new warrants, entailing mainly that the Company would, with derogation of the shareholders' pre-emption rights, issue 320,000 warrants series 2012/2015 to Robert Karlsson, Zenon Potoczny and Gunnar Danielsson, which were subscribed for 22 May – 15 June 2012, at a price corresponding to a calculated market value of the stock options on May 21, applying the Black & Scholes model, based on a subscription price upon execution of 150 per cent of the volume weighted average price during the period 7 – 18 May, 2012, and to be exercised during the period 1 – 15 June 2015. Upon full subscription of the shares under the warrants, the Company's share capital can increase by a maximum of SEK 1,600,000, calculated using the quota value of the share of SEK 5, equal to a dilution of approximately 3%. Due to an administrative oversight, the subscribed and paid warrants were not registered with the Swedish Companies Registration Office within the prescribed time and the Board therefore proposes that the general meeting resolves on a corresponding resolution so that the warrants, which were subscribed and paid for following the annual general meeting 2012, can be properly registered.

Miscellaneous

The Company currently has 10,640,588 outstanding shares, of which 170,580 are class A shares (10 votes/share) and 10,470,008 are class B shares (1 vote/share). There are 12,175,808 voting rights.

The Company's annual report will be published not later than 30 April 2013. The Board's and Nomination Committee's complete proposals for resolutions and other documents pending the general meeting will be available at the Company's offices (addresses above) as from the same date and will be sent free-of-charge to shareholders who so request and provide their mailing address. During the same period the documents will also be available on www.sheltonpetroleum.com and will be presented at the general meeting.

If requested by a shareholder and provided that the Board deems that it can take place without causing material damage to the Company, the Board and the CEO shall provide information about circumstances that may affect the assessment of an item on the agenda, circumstances that may affect the assessment of the Company's or its subsidiaries' financial situation, and the Company's relationship with another company within the Group.
